## MOBILE UNITS AND FACILITIES

At Mobile Home Supply we make sure our clients are 100% satisfied with our products and service delivery. We are market leaders in the world of mobile units and facilities and pride ourselves with designing and manufacturing the most reliable and affordable units. We guarantee we are the company that can accommodate your specific need.

We specialise in the manufacture of learning centres, constructions units, housing "accommodation" facilities, unique building structures, integrated "modular" structures, container units and rentals.

We do not only manufacture the units we also have the knowledge and experience to do the ground Works, civils, transportation, utilities, interior décor and so much more.

Our consultant will assist you to determine which unit/s will be best suited for your specific need.

## LEARNING CENTRES, FACILITIES AND EQUIPMENT

Our Learning Centres and Facilities cover a wide range of units we can design and manufacture for you.

Due to the cost of building learning centres and facilities the mobile home units are the way to go. We design and manufacture from baby centres to university. We know all children need a stable environment to get the best possible education.

The instant space solution
